

Remarks

Due to shortness of time upon entry into US national stage, applicant cancelled without prejudice claims 2-30, in order to amend the claims at a later date, to better fit accepted US patent practice and legal considerations. Applicant does NOT disclaim any of the subject matter of the cancelled claims, nor should the cancellation of claims be construed as narrowing the scope of the present or future claims.

Applicant respectfully requests that the application be so amended.

Respectfully submitted

Shalom Wertsberger
